
COVID-19 GREEN PASS PROVISIONS NOTICE TO CUSTOMERS

Recipients:
All customers of AUTOMA Srl

Dear Customer,

ensuring the safety of workers and services provided has always been a priority for Automa Srl in the management of the entire supply chain.

As you know, on 22nd September the decree-law n. 127/2021 came into force concerning the use of COVID-19 Green Pass in the private sector.

With reference to art. 3 of the decree, as from 15th October 2021 and until 31st December 2021, all persons who carry out, for any reason, their work, training or voluntary activity as a result of contracts signed with Automa S.r.l. are obliged to possess and exhibit, upon request, the COVID-19 Green Pass, for the purpose of accessing the places where the aforementioned activity is carried out, including worksites and areas outside the company premises where the activities covered by the contract are carried out.

Automa Srl has therefore prepared an updated Anti-Contagion Protocol for all its employees in order to comply with the above-mentioned regulations. Although we are sure that all our employees will scrupulously adhere to the indications contained therein, we kindly ask you to inform us if this obligation is not met during the visit of our staff to your offices, in order to provide for the application of the requirements of the decree-law

The provisions do not apply to persons exempt from the vaccination campaign on the basis of appropriate medical certification issued in accordance with the criteria defined in a circular of the Ministry of Health.

For any further support or information, please contact our department by writing to:
quality@byautoma.com

We trust in the cooperation that has always characterised the relationship between Automa Srl and its customers.

Kind regards,

AUTOMA Srl
Giorgio Giorgetti CEO
